Overview

Welcome to D+ June 2014 Newsletter. It is the sixth edition of the D+ Newsletter compiled with some of the news published in June 2014 on D+.

On 1 June 2014 D+ organized a global event, **Holding Hands For Our Girls**, in support of the rescue mission of the abducted Nigerian schoolgirls who were kidnapped by local terrorist groups in April 2014. D+ was overwhelmed to see the outpouring supports by the global communities who held each other hands on the day.

Big thanks to everyone for their supports. However, the girls are yet to be rescued and D+ is ever determined to get the girls back. For further details and future events visit <http://www.dailypositive.org/BringBackOurGirls>

In another note, D+ launched a Kickstarter page late June and you can find the details at <https://www.kickstarter.com/projects/259043041/daily-positive-d-your-daily-source-of-positive-new>

D+ is a non-profit media initiative that heavily relies on the generous support from everyone. Please consider a donation today.
