Overview

Welcome to D+ November 2024 Newsletter. It is the 191st edition of the D+ Newsletter compiled with some of the news published in November 2024 on D+.

November 2024 was very eventful for many reasons, including for the presidential election in the USA. As a result, we have received many news suggestions around political development from around the world. However, publishing political updates is not the goal of D+ and as a result we had to decline huge number of news suggestions from our readers. This should not discourage you though, we are still eager to hear from you regarding any positive news. Keep sending them to us and we will make sure we spread those positive news to our global audience.

Visit our online store Babatye <https://www.babatye.com/> for our new collections. Also, visit our eBay store at <http://www.ebay.com.au/usr/dailypositive>. All the profits from our stores will go as donation to D+. It would help our non-profit organization if you can share this with your contact.

D+ is a non-profit media initiative that heavily relies on the generous support from everyone. Please consider a donation today.

Top News Of The Month

Top News Of The Month is selected based on the feedback from D+ Facebook fans from around the world.

Victoria Kjær Theilvig of Denmark was crowned Miss Universe 2024 at the 73rd edition of the competition in Mexico City. It is the first time a Danish contestant has won Miss Universe.
