

Daily Positive (D+)

Your Daily Source Of Positive News From Around The World

Daily Positive (D+) is a not-for-profit media initiative to accumulate, store and publish positive news from all the countries of the world. D+ collects news for each of the 365 days of the year and spreads notable, extraordinary and uplifting information from each culture.

Its mission is to engage global citizens in interesting, thought-provoking dialogue about trending news topics through positive, open concept journalism.

Overview

Welcome to D+ February 2014 Newsletter. It is the second edition of D+ newsletter compiled with some of the news published in February 2014 on D+.

It was a great month of February for D+ and eagerly looking forward to the next month as we celebrate at the D+ Carnival throughout March 2014. Every year, the carnival planned to promote focused positive news from a specific location in the world. This year we will celebrate the joys of South America.

The aim of the Carnival 2014 is to indulge, celebrate and convey happiness and pleasure from the continent of South America. Earlier D+ celebrated South-East Asian and African carnivals.

D+ encourages you to organize local events in your country and celebrate the joy of South America in March 2014. You can share your event news, pictures and videos with us at info@dailypositive.org

D+ is a non-profit media initiative that heavily relies on the generous support from everyone. Please consider a donation today.

Top News Of The Month

Top News Of The Month is selected based on the feedback from D+ Facebook fans from around the world.

For the first time a Saudi woman, Somayya Jabarti, was named editor-in-chief of a daily newspaper in Saudi Arabia.

Let your voice be heard and join us on Facebook.

D+ News: February 2014

- **Ukraine's** opposition leaders and President Viktor Yanukovich signed a European Union mediated peace pact on 21 February 2014. The agreement opened a way to end the current political crisis in the country and for an early national election.
- An international team of researchers including scientists from **Switzerland** have found evidence of naturally occurring antibiotic resistance on the teeth of 1,000 year-old skeletons.
- Ratings agency Moody's has upgraded **Spain's** government bond rating by one notch to Baa2, citing progress in structural reforms and improved market access after around five years of a deep economic downturn.
- The **Iranian** Embassy in London partly reopened more than two years after it shut down over diplomatic tensions between the Islamic Republic and the United Kingdom.
- **Dutch** scientists at the Delft Technical University have developed the world's smallest autonomous flapping drone, a dragonfly-like beast with 3-D vision that is able to fly around by itself and avoid obstacles.
- National Minerals Agency of **Sierra Leone** announced it had discovered a 153 carats diamond worth \$6.2 million, declaring it one of the most precious finds of the past decade.
- The United Nations Security Council unanimously approved a resolution to boost humanitarian aid access in **Syria**, a move that is expected to ease some civilian suffering caused by the current political unrests in the country, if it is implemented quickly and in good faith.
- **Bhutan** signed a deal with Japanese auto giant Nissan to become a leading global electric-vehicle nation, taking advantage of its abundance of hydropower. Bhutan, rich in renewable hydro-electricity, has a strong environmental – and economic – case for electric vehicles and Nissan will help Bhutan develop its charging infrastructure.
- Researchers from **Malaysia** and **Japan** have found dinosaur fossil teeth in the rural interiors of Pahang — the first known discovery of dinosaur remains in Malaysia.
- For the first time a Saudi woman, Somayya Jabarti, was named editor-in-chief of a daily newspaper in **Saudi Arabia**.
- Cricketer Brendon McCullum of **New Zealand** made history by becoming first Kiwi to score a Test Triple Century (302).
