Overview

Welcome to D+ June 2024 Newsletter. It is the 186th edition of the D+ Newsletter compiled with some of the news published in June 2024 on D+.

June 2024 has been a very productive month as our founder Dr. Arif Jubaer visited different cities around Australia and also visited Thailand and Bangladesh. It was a visit to meet and greet our old and new volunteers and most importantly to learn from them firsthand. We were delighted to see the energy that our volunteers bring and we also noted all the suggestions from the volunteers. It was interesting to see the unique approaches that our volunteers take from each region to spread the positive news.

Visit our online store Babatye <https://www.babatye.com/> for our new collections. Also, visit our eBay store at <http://www.ebay.com.au/usr/dailypositive>. All the profits from our stores will go as donation to D+. It would help our non-profit organization if you can share this with your contact.

D+ is a non-profit media initiative that heavily relies on the generous support from everyone. Please consider a donation today.

Top News Of The Month

Top News Of The Month is selected based on the feedback from D+ Facebook fans from around the world.

Mexico elected Claudia Sheinbaum, a climate scientist and former mayor of Mexico City, as the first woman president in the country's 200-year history.
