## Overview

Welcome to D+ October 2025 Newsletter. It is the 202nd edition of the D+ Newsletter compiled with some of the news published in October 2025 on D+.

October once again proved to be an exciting month for the Nobel Prizes, and this year was no exception. Congratulations to all the winners! We also want to take a moment to thank everyone who continues to make positive contributions to the world in 2025. As we approach the end of the year, we're gearing up for our global tour to meet and celebrate our volunteers. Stay tuned—we can't wait to reconnect with familiar faces and welcome new ones!

Visit our online store Babatye <https://www.babatye.com/> for our new collections. All the profits from our stores will go as donation to D+. It would help our non-profit organization if you can share this with your contact.

D+ is a non-profit media initiative that heavily relies on the generous support from everyone. Please consider a donation today.

## Top News Of The Month

*Top News Of The Month* is selected based on the feedback from D+ Facebook fans from around the world.

**German researchers at the University of Stuttgart and Freie Universität Berlin have discovered evidence of potential for habitability on Saturn's moon Enceladus based on the data from the Cassini space probe.**
