Overview

Welcome to D+ June 2025 Newsletter. It is the 198th edition of the D+ Newsletter compiled with some of the news published in June 2025 on D+.

Just like that, the first half of 2025 has flown by, and here we are putting together the June 2025 newsletter in July. It's been an eventful six months, filled with uplifting news from across the globe. As we head into the second half of the year, we once again encourage all our readers and volunteers to keep sharing positive stories from their countries and communities. We're looking forward to an inspiring and impactful next six months!

Visit our online store Babatye <https://www.babatye.com/> for our new collections. All the profits from our stores will go as donation to D+. It would help our non-profit organization if you can share this with your contact.

D+ is a non-profit media initiative that heavily relies on the generous support from everyone. Please consider a donation today.

Top News Of The Month

Top News Of The Month is selected based on the feedback from D+ Facebook fans from around the world.

Chile's Vera C Rubin Observatory, which boasts the world's largest digital camera, snapped its first imagery – test observations spanning a 10-hour window - capturing millions of galaxies and Milky Way stars and thousands of asteroids.
